📄 Resume

EDUCATION

Front-end Semplified
Online / Self-paced Course
Ongoing
Feb 2025 – Present

SKILLS

React · JavaScript · HTML · CSS · Tailwind · Next.js · Node.js · Git · Responsive Design

Professional Experience

IT Support Associate – Amazon   Dec 2023 – Feb 2024

- 450+ hours of IT support in a warehouse setting.
- Distributed, maintained, and troubleshooted IT equipment.
- Handled 20–30 weekly support tickets via ServiceNow.
- Provisioned scanners, Kindles, Motorola radios; imaged laptops.
- Installed and recalibrated Zebra & HP printers, ensured ACME compliance.

Warehouse Associate – Amazon   Mar 2020 – Present

- Learning Ambassador — trained, coached, and onboarded 3–7 associates simultaneously.
- Supported operations fulfilling ~100K orders daily in high-pressure environment.
- Managed inventory, packaging, and shipping with high accuracy.
- Operated warehouse equipment and enforced safety protocols.
- Suggested process improvements to optimize efficiency.

Selected Projects

Front End Developer | February 2025 – Present

Library Snapshot: Converted a static website into a dynamic app using Axios, Owl Carousel, and Animate on Scroll. Maintained version control with GitHub PRs.
React · JavaScript · Node.js · Git

Aricreati Business: A modern business platform highlighting creative solutions for SMEs. Fast, scalable, and responsive — blending sleek UI with strategic storytelling.
React · JavaScript · Tailwind

Treact Clone: Recreated the Treact landing page with animations, components, and responsive design — testing precision in front-end replication.
React · HTML · CSS

Skinstric: A clean and modern skincare brand website. Built with Next.js for performance, Tailwind for styling, and a mobile-first design approach.
React · Tailwind · Next.js

ULTRAVERSE: Developed during internship — showcasing UI/UX principles, modern layouts, and responsive components optimized for real-world use cases.
